Comment text:

The two Portchester Wards naming conventions do not reflect the fact that both wards are in Portchester. The Portchester Wicor naming does not make sense as historically the area of 'Wicor' applies to the area south of West Street /A27 and not the northern areas. I also believe that it is important to local people to have their village name reflected in the ward names. I would therefore suggest that Portchester Wicor is named 'Portchester West & Wicor' and that Portsdown & Castle is renamed to 'Portchester East & Castle'. That would reflect the village name in both Wards and highlight the significant (and known) features of both wards, namely Portchester Castle and the well know Wicor Recreation ground, Wicor Marina, Wicor Path and Wicor Mill.
