Comment text:

I live on The Elms and strongly object to the proposed boundary changes. Residents identify strongly with living here and feel part of a community. We have lived here for 28 years and sent our children to the local school. Our daughter worked in both The Battleaxes Pub and Tyntesfield House for several years. We walk in the fields, blackberry pick in the hedges and vote in the Church. We feel we belong. So I ask that the current boundary be retained and an alternative be considered.
