Comment text:

Related subject: Wraxall and Failand

I don’t believe this reflects fair electoral equality. As a resident, my identity and community is based more in Wraxall and Failand than it is in Nailsea, and my reasons for living in the area are closely associated with the connection to the countryside. I strongly object to the proposals, and feel any change in the boundaries would, to be honest, make me want to leave the area entirely.
