Related subject: The Elms Wraxall & Failand Parish

I wish for the Elms to remain in the Long Ashton Ward to improve electoral equality by equalising the number of electors that each councillor represents. Of the Elms remains in the Long Ashton Ward, the Elms would receive more effective representation per councillor and maintain electoral equality.

To ensure recommendations reflect the community identity of the Elms. The Elms identity is more aligned to Wraxall & Failand and not Nailsea. Residents of the Elms have chosen this area because of its rural environment and is the reason I chose to settle here. I therefore wish for it to remain in the Wraxall & Failand Parish.

Providing arrangement that support effective and convenient local government. The proposed boundary change will create confusion for residents on governance, elections and representations. Councillors for the Long Ashton Ward will be more aligned to the interests of electors from the Wraxall and Failand Parish. Remaining under the Long Ashton Ward would ensure Councillor representation is not diluted and help ensure that local parish governance arrangements do not become over complex.
