Related subject: Nailsea ward / Elms area of Wraxall & Failand

The ward boundary should remain unchanged, with the Elms areas staying in Wraxall & Failand within the Long Ashton ward.
Para 56 of the Draft Recommendation does not improve electoral equality because it does NOT equalise the number of electors that each councillor has. Residents of the Elms would receive more effective time representation per councillor by remaining in Long Ashton ward. The proposal widens the number of electors that each councillor has against the average.
The Draft Recommendation adjustments adversely affect local community identity which is more closely aligned to Wraxall & Failand Parish than Nailsea.
The draft Recommendation would force the `Wraxall & Failand Parish from unitary ward into a dual ward boundary.
The Draft Recommendation is NOT supported.
