The residents of The Elms overwhelmingly want to stay as part of Wraxall. This was very clear in the votes. Our issue is the ongoing need for us to keep repeating ourselves. The process feels like it's designed to wear us down until people lose interest and Nailsea get what they want. That's wrong.

I'm aware that our local councillor Rachel Sandeman has written to you as well.

If there is any doubt about how the residents feel about this issue, I would urge you to come speak to us directly. I would be more than happy to arrange this with our local councillors, and I'm sure the residents of The Elms would appreciate the effort and support from yourself

Best regards
