Comment text:

Related subject: The Elms.

I am opposed to any boundary changes to include The Elms in the Golden Valley Ward. At the moment The Elms is well served by the Long Ashton Ward and their Councillors who understand the needs of our rural community. I don't feel that residents of the Elms would benefit if they are absorbed into the Golden Valley Ward. I previously expressed my wish not to have the boundary changed to come under the control of Nailsea.
