I am unclear how Backwell merging with Wrington etc from 2 wards to one ward with 2 councillors will work practically. How would 2 councillors from different political parties work together? For example one Green and one Reform? How as residents do we access our 2 councillors? Do we choose which we would prefer to represent us? Or by other means? I'm assuming it wouldn't be by ward because that would defeat the object of the exercise. I'm unable to decide my view on this proposal as I am not clear of the practicalities and if it would be of benefit or detriment to Backwell residents.
