### Organisation Name:

### Comment text:

As residents of Chiltern Ridges we feel that the most appropriate merger of the current ward would be with Great Missenden, which is also positioned in the Chiltern Area of Outstanding Natural Beauty and has many similarities. The communities of Great Missenden and Chiltern Ridges would also meld together seamlessly. In contrast, the other wards adjoining Chiltern Ridges have very different social and economic characters. Wendover and Chesham are both market towns and do not match the more rural nature of Great Missenden and Chiltern Ridges.
