Comment text:

Related subject: Wraxall

I live on the Elms, the Wraxall parish has quickly and effectively supported us exceptionally well since we've moved here when the estate was first built.

I see no benefits of becoming part of Nailsea as we will lose important funding and services that our local parish have quickly and willingly helped us with.

We do not want to become part of a larger parish that is well known for reacting far slower and less helpful.

Please consider the views of those that live on the Elms. Thank you.
