### Comment text:

Its crazy that Farnham Royal falls under the Stoke Poges Ward and not under the farnham Common and Burham beeches Ward. We are covered by the 'Farnhams' Parish Council and there is quite a distance of open space between Stoke poges and farnham Royal that residents are far more likely to use Farnham Common amenities and be affected by farnham Common issues than anything in Stoke poges. It seems that bringing the line straight down Parsonage Lane to the top of Canterbury Avenue rather than a strange dogleg across to east Burnham and Crown Lane would fit much better with the local area, functions and fits better with the 'Farnhams' community.
