The Local Government Boundary Commission for England

We recommend fair electoral and boundary arrangements for local authorities in England

SHEFFIELD

NEW ELECTORAL ARRANGEMENTS

November 2026

Currently there are:

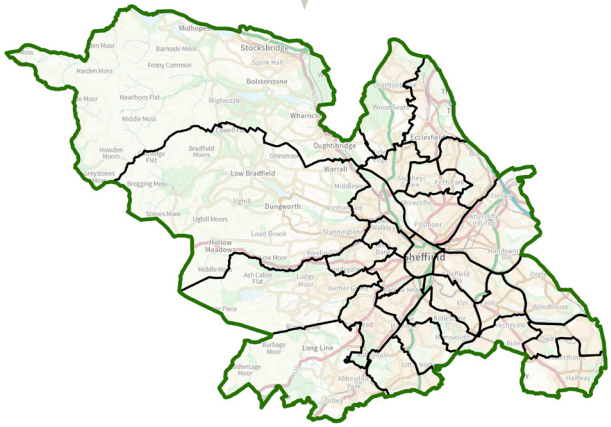
- 84 councillors
- 28 wards
- 3 councillors per ward

We are proposing:

- 84 councillors
- 28 wards
- 3 councillors per ward

A public consultation is open until **8 February 2027**

We aim to make sure Sheffield councillors represent a similar number of electors



Currently:

- 1 ward that is more than 10% away from the average number of electors per ward
- No wards that are more than 30% away from the average

Our proposals mean that:

- 1 ward will be more than 10% away from the average number of electors per ward
- Each councillor will represent an average of 4,946 electors
