**Organisation Name:**

**Comment text:**

It makes no sense just to reorganise with regard to population rather than community at the parish/ward level. Splitting the town of Beaconsfield into two and adding half into Gerrards cross is a nonsense and be incredibly difficult to administer. This would result in disjointed projects and increased expenditure. Leave the boundaries as they are. Beaconsfield has not expanded enough to warrant changes and all proposals for future major expansions have been rejected.
