Comment text:

I strongly believe that Gold Hill Common should form part of Chalfont St Peter, not Chalfont St Giles. There is a natural barrier of Green Belt land between Gold Hill Common and Chalfont St Giles. The Common is used by Chalfont St Peter residents for football, walking, children use the play area and it is used for our annual, very popular annual Feast Day. I also think the Austenwood boundary should be extended to the railway line, to include the rest of Latchmoor Avenue, Latchmoor Way, Orchehill Avenue, Oval Eay and North Park. At present this area is divided by the railway line which should form a logical boundary.
