

Fareham Borough Council

Personal Details:

Organisation Name:

Comment text:

I live in what I would consider to be Fareham South, but it's categorised as Fareham East. Not being able to see the proposed new boundaries isn't helpful. I do not feel the current council represents us as residents. So any changes that would improve that representation would be welcomed. The current situation with the Sovereign Medical Group is appalling. If the boundaries change I hope that will also improve.
