Comment text:

I have not lived in Portchester all my life - it is nearly 20 years now and it has been good. I appreciate the history we have here in Portchester with Portchester Castle etc. So although the new boundary name is suggested as Castle and Portsdown there is no reference to Portchester. I am proud to live here and appreciate we are part of Fareham Borough Council but I think we should retain our identity as Portchester in every way possible. You have Portchester Wicor so why not Portchester Castle.
