Comment text:

I have just noticed the boundary line that cuts Linden Lea between Portchester Wicor and Portsdown & Castle. Please could 60, 56a, 56, 54 Linden Lea all be put into Portsdown & Castle ward. I feel that this would make for a more simpler boundary for all those concerned to understand. The Portchester Wicor boundary currently jolts outwards on Linden Lea to include these couple of properties, and it would be better if it was just a straight line going from the train line up to Northern Junior School.
