Organisation Name:

Comment text:

Church Road sits between Locks Heath Centre and St John's Church Locks Heath. To suggest we call that area Park Gate or Tichfield Common shows how out of touch with local people's views this proposal is. The community calls itself Locks Heath and the political system should respect that. We live on Church Road and will always consider ourselves to live in Locks Heath. Church Road is one of the oldest roads in the area and should remain in Locks Heath.
