Comment text:

I live in Church Road, Locks Heath and understand that as we are number █████ will move to Park Gate. A couple of points is that it seems ridiculous to put a boundary down the middle of the road. I have a particular interest in speeding down Church Road and as part of the Locks Heath ward we have begun to implement a Speedwatch Group. This in my opinion should be allowed to develop and flourish. I do not want to start from scratch again. I therefore feel we have a chance to manage speeding in locks Heath so I am against these changes.
