Comment text:

I am submitting on behalf of Up Hatherley Parish Council to say that, whilst we appreciate that this is not a review of Parish boundaries, we would welcome at some point in the near future a review of Parish Council boundaries. We are one of 5 Parish Councils in Cheltenham Borough and the changes we would like to see made would bring areas adjacent into our Parish because they are clearly part of our local community. Some of these areas are in Cheltenham Borough but are unparished, some of these areas are in Parishes within Tewkesbury Borough. The one comment that we would like to make on the Ward review is that we would support the section of Hatherley Road between Heron Close and Alma Road being transferred from Park Ward and Warden Hill Ward into the Up Hatherley ward. This adjustment would be much clearer for residents and consistent with the current Parish boundaries.
