Comment text:

Looking at the proposed boundary changes I think the Monkseaton wards should be merged to make it one ward as it currently splits Monkseaton in two and the North Monkseaton ward is half of Whitley Bay of which should return to Whitley Bay or St Mary's ward. Also Collingwood ward is huge and will encapsulate part of Monkseaton's physical area and all of the new Murton gap new builds. Monkseaton should not be used as a convenient meeting of boundary lines, please let it be represented as a whole area in its own right.
