Organisation Name:

### Comment text:

Once again TWBC are trying to hinder the ability for residents of Paddock Wood to have fair representation for our area. We will shortly have many more residents, already it is difficult to get a doctors appointment, the additional primary school is not going to be built, and TWBC have permitted excessive residential building. Where are all these new residents going to spend their leisure time, Paddock Wood does not have enough facilities leisure in addition to schools plus other areas. TWBC is known locally as a 'bad' council as far as Paddock Wood is concerned, not caring for us, or even being fair.
