Comment text:

It doesn't really help to have more councillors if they don't want to listen to residents. After trying for four months to communicate with the council, I contacted all the councillors and only one took the time to get back to me. Councillor Clare Golby wants us - parents - to stop young persons forming gangs (source: Coventry Telegraph). But before she said that, we were already signaling bored youngsters and we offered something for them to do. We have the money to realize our simple plan. But the council just plays 'deaf and blind'. NOT FUNNY AT ALL!!! If more councillors only means more council tax is going to pay their salaries, I'm totally against!!!
