Subject: Local Government boundary changes

[REDACTED] [REDACTED]

Good morning

Disappointed I had to 'stumble over' this on Facebook of all places. I feel this could and should be better publicised.

I live in Cleevelands Avenue and look to be moving from Prestbury ward to Pittville. My concern is in being able to get my local councillors to interact with the racecourse. A number of events held on the site can be very disruptive (Races and half marathon to mention the worst) and I fear moving wards will mean my new councillor is unable to apply pressure for improvements.

I hope this move will not be made between votes as this would unfairly render my last vote useless.

Thank you for your time
