Comment text:

This ward covers a very large area and is rural so lower residential numbers than many other areas. Remenham and Wargrave and Crazies Hill are very similar largely rural areas and as such likely to have similar types of workload for the councillors, so it is logical to keep the ward boundaries the same as now.. Given the size of the ward and distances involved and amount of knowledge needed of the streets, it makes practical sense to have 2 councillors sharing the work. This ward would be too large for 1 councillor to sensibly cover and I think both the councillors and the residents would suffer if it were decided to split the ward into two. Please keep this ward and the number of councillors the same. Thank you for requesting feedback.
