I live in Jasmine Close which is currently Emmbrook Ward. I think that our area could be better suited as part of Evendons Ward. The school my children go to is in Evendons, the recreation grounds we play on are in Evendons. The Evendons Polling station is less than 500 meters from my house. I feel much more a part of Woosehill than Emmbrook and would like our representation to reflect the same. Looking at the shape of the ward on the map, the Camellia Way housing development at the end of Simons Lane appears to be an anomaly added on to Emmbrook. Thanks & all the best [REDACTED]
