### Comment text:

Until 5 years ago we lived near the centre of Twyford and were happily part of the Twyford ward . When we moved to Hurst Park Road in 2017 we were shocked to find we are now part of Hurst ward even though we are still within Twyford. We are not part of Hurst, don't consider ourselves part of Hurst and don't use Hurst for anything. Decisions made by Twyford councillors affect us, not decisions made by Hurst councillors. We strongly desire to once more be included within Twyford ward. As part of Hurst we feel disenfranchised with no say over local decisions and it seems pointless for us to vote in local elections.
