Comment text:

Need to cut councils by 50%. That will reduce expenses and hopefully keep council tax down. And on council tax when will the care element be removed as we working people will be paying 1.5% extra NI next year?????. The councillors we have do not listen to people in their ward. Too many fingers in pies. Money wasted on vanity projects. Homeless including veterans on the Street yet ran roughshod by Serco Hine Office and Brittany Hotels owners with asylum seekers - disgraceful as still no action to reverse this.
