

Chesterfield Borough Council

Personal Details:

Name: Paul Davies
E-mail: Secretary@lgct.org.uk
Postcode: [REDACTED]
Organisation Name: Loundsley Green Community Trust

Comment text:

Absolutely dreadful proposal. The current ward covering Loundsley Green and Holme Hall is an area of high deprivation. As such, organisations working in the area are able to draw down grants and support from various sources to provide resources and services. By breaking it in two and merging with West and Linacre the dilution by two wealthier areas will leave local residents cut off from funding sources. Holme Hall in particular suffers massive deprivation and problems. This proposal will add it to the edge of the comparatively affluent and untroubled Linacre Estate. Councillors representing the area will have their time and energy split between two diametrically opposed areas. I cannot understand what the aim of this change is, unless it is just to get rid of a ward that features high in the indices of multiple deprivation, and reduce the embarrassment it causes to CBC.
