Comment text:

I support the revised proposals for Dunston and Whittington Moor wards. They overcome the problem with the original proposal which was that much of what is Whittington Moor was not located in the proposed Whittington Moor Ward. The amended proposal represents a good solution. Well done. However, I strongly support the idea that the new Dunston Ward should be named Dunston and Newbold Ward. The proposed Ward takes in the streets of Dukes Drive, one side of Highfield Lane including the "Outwood Academy Newbold" school, the shops and houses of Newbold Village (they are so named in the electoral register and are located at the geographical centre of Newbold) and Littlemoor. There is no question that residents, and businesses of these streets regard themselves as residents and businesses located in Newbold not Dunston. For example, I live in Dukes Drive and my address is [REDACTED]. Dunston comprises the streets and housing estates to the northwest of the divide formed by the Littlemoor and St Johns Road traffic route.
