[REDACTED]

Organisation Name: Great Missenden Parish Council

Comment text:

Looking at the Missendens, there appears to be little change from the existing to the propose ward. However when one looks at Chiltern Ridges, the proposal is for a significantly larger area, with a small population. The area covers not only the existing Chiltern Ridges area but continues in a thin line around the North of Chesham. This a a very large ono-homogenous area for one councillor to be responsible for. I would suggest that consideration is given to splitting up the Chiltern Ridges area between The Missendens, Wendover etc and Chesham North. South Heath and The Lee would be a natural fit with the Missendens
