

Rossendale Borough Council

Personal Details:

Name: Pat Matson

E-mail:

Postcode:

Organisation Name: Whitworth u3a

Comment text:

i represent Whitworth u3a, a group who support residents of Whitworth who are retired or semi retired people and living in the area. The u3a works hard to combat social isolation, cost of living crisis by creating a sense of community, offering accessible opportunities for learning, making new friends and having fun. We have monthly meetings at our local hall, the Ashcroft, outings several times a year and special interest groups, such as walking, art, learning Italian, play reading, family history, garden inspiration, flower arranging, creative writing, book club, ambling, bird watching, ukelele, tap dancing and others. Members meet in each other's homes or in our local community which is how friendships are being forged. It would be a terrible loss of identity if the two halves of our community were to be split. We would support a single Whitworth township as an alternative
