Organisation Name:

Comment text:

Great Brickhill Ward has 3 councillors, none of them live in the Ward and they appear to have no connection with, or interest in it. Fiddling about with the boundaries will make absolutely no difference to this. If it's served at all, Newton Longville is poorly done so by local government; boundary changes will not change this relationship. Frankly, the village might be better protected if it was folded into Milton Keynes; other than it being simply a council cash cow for Bucks C.C.
