Comment text:

I don't understand why Hallow and it's surrounding villages such as Grimley, Sinton Green and Shoulton have been absorbed into the huge area of Broadheath and including many smaller villages west of it. The district of Hallow therefore loses it's right to an individual representative for it's future development and local interests/protection. The population of Hallow has increased considerably over recent years and should remain a district in it's own right.
