Comment text:

Altrincham Ward and Broadheath Ward are both too big in terms of population. The population in these two areas have been rapidly growing since 2014 and there is no sign of slowing down evening during the pandemic. As a result, the local resources in terms of schools, GPs and parks are over loaded. The number of voters in these two areas are significant more than other wards. It is better to balance the size of each ward in Trafford to ensure voters can be equally spread and represented.
