The council ward of the Wavertree boundary should be the area of Wavertree. At present this is not the case. Queens Drive from the Rocket junction through to near Woolton Road is in the area of Wavertree and given the L15 postcode. It is wrong to call it Childwall. I have attached a PDF of the area L15/Wavertree with the submission. We do not live in Childwall, We live in Wavertree. Yet we are now in the Childwall ward and should be in the Wavertree ward.
