Subject: Proposed Changes to Wards

[REDACTED] [REDACTED]

After reviewing the proposed changes to the wards I am strongly against the changes. You are proposing splitting up the whole of the Winyates ward and spreading it over other wards. If Ipsley goes to Lodge Park what about the people who will not be able to get to the new voting station. Also you are splitting up a community. We all have the same problems to take to our councillors, we are part of the new town development, our issues will be different to older parts of the town, e.g our shopping centres, unsocial behaviour problems etc which older parts of Redditch have not had. Leave us as we are. [REDACTED]
