Comment text:

The shape of the Heysham South ward means that it includes Fanny House Farm and the residential caravans off the B5273 (Oxcliffe Road). Fanny House Farm is remote from the rest of the ward and has no cultural or other connections with Heysham South. It is not possible to reach Fanny House Farm without leaving Heysham South and travelling through Heysham Central. I would be surprised if the residents of Fanny House Farm thought of themselves as living in Heysham. In terms of identity they probably regard themselves as living in Westgate. My proposal is to remove Fanny House Farm and its associated residential caravans from Heysham South and place them in the Westgate ward.
