Comment text:

Heaton with Oxcliffe is in Morecambe and as such should be in a Morecambe ward, I as other councillors and residents do not understand why we have been included in Lancaster. As a Morecambe resident I want to see improvements made in Morecambe and my parish of Heaton with Oxcliffe. I have no interest in the regeneration of Skerton or other Lancaster districts, but I am interested in the regeneration of my home town, Morecambe. The boundaries here in H w O are ridiculous, they cut right across Grosvenor Park meaning half the estate is in one parish the rest in another. The list of candidates for the local election are meaningless to H w O residents they are all Lancastrians, we are not, we are Morecambe residents. When you are looking at wards maybe you should consider this and draw the line outside our parish and include us in Torrisholme, Morecambe.
