

## Lancaster City Council

### Personal Details:

**Name:**

**E-mail:**

**Postcode:**

**Organisation Name:**

A large black rectangular box redacting the personal details of the user.

### Comment text:

It would appear that no-one on the council listens to the concerns of residents and I and many other people are totally disaludged by the current councils performance. I've no thoughts about boundaries because Lancaster Council is fraught with divisions and many councillors have been there too long and do not serve the people they represent.
