Comment text:

Commenting here solely on the Overton / Heysham Harbour boundary. This boundary line runs along Trumacar Lane and so all homes in Heysham, bounded by Trumacar Lane (north) and the railway line (south) are in Overton Ward. With many new homes recently built in nearby Middleton, it makes sense to move the boundary line south to the railway line. This would advantage Heysham residents, ward representatives and address an imbalance in the numbers of residents. Geographically, we are very much a part of Heysham and - no reflection on our Ward representatives - poorly served by being part of Overton Ware. Heysham Harbour and its related issues are on our doorstep: Overton is miles down the road.
