I live in Hebbecastle Down, Warfield and have done so for the past 3 years. We paid a significant premium to be part of warfield and not Garth or priestwood. To the tune of roughly £40,000. If your proposals go ahead we will lose this house value as we will be part of a much less desirable area. For you to make these changes every household in this changed area will need compensation as this is completely unacceptable to make families like mine lose hard earned money. Properties are widely known as a safe investment area, with the country in a recession the bbc expects prices to drop up to 15%, then your proposal will drop prices a similar %. This is completely unacceptable and if this change is made my family, and 100s of other families will be losing out on a huge amount of money. Do not do this.
