Comment text:

As a long term Higham resident, I support the proposal to merge Higham Parish with Shorne Parish to form a new rural parish area within Gravesham. The many similarities of Shorne and Higham areas plus the existing joint boundary means amalgamation would be simple. These two parishes have a boundary with the next unitary authority -- Medway Council. We need to avoid completely any chance or possibility of losing Higham or Shorne to be swallowed up and being a part of an expanded Medway area. Higham and Shorne must stay within Gravesham.
