This proposal is a complete waste of time and energy! It has been almost 20 years since the boundary change, which Apley residents fully supported - we most certainly do not agree to the IGBCE confusing the issue by turning back the clock- have they nothing better to do? Such a step would do nothing at all to benefit either the residents of Leegomery or those of Apley, it would be a retrograde step resulting in total confusion with regard to everyone's postal address, as well as detracting from the strong sense of community which is entrenched in Apley Castle ward. The existing boundary works in everyone's favour - if it ain't broke, DON'T FIX IT!
