### Comment text:

I have lived in Leegomery and now Apley for over 30 years and I definitely prefer to have them as 2 separate and independent wards. This gives greater unity for each one. The different councillors can look after their own areas and fight for their own corner. The old leegomery was and would be too large for just one ward and one councillor to look after. Even delivery couriers treat the area as 2 separate areas and understand the size of it. It simply needs to be left as 2 wards.
