Comment text:

The Horsehay and Lightmoor ward does not include a large proportion of Horsehay and the boundary does not go far enough, with too much of this community being left in the Dawley and Aqueduct ward. For example, Horsehay Village Hall is in the Dawley ward rather than the Horsehay ward. As someone who lives in Doseley, I do not feel that the H&L ward is representative of this community, it should at the very least cover up to Pool Hill and the common so it includes all of Doseley, Horsehay and Spring Hill. Potentially as far as Station Road. The current proposal sees both Doseley and Horsehay split between two wards which shouldn't happen, they should both be fully in Horsehay and Lightmoor.
