Comment text:

Apple Castle (as defined by the existing boundary) has a very distinct and unique identity whose needs are quite different to those of Leegomery and surrounding areas. Retaining Apley Castle as a single member ward is essential to ensure Apply Castle identity is preserved and clear unequivocal accountability to residents is maintained. This in turn guarantees primacy for Apple Castle, its community and ensures focus and funding has no prospect of being diluted, diverted or contested. Apley Castle must be allowed to keep and develop its unique identify and therefore object to the proposed merger of Apple Castle and Leegomery into a two member ward and request that the existing single member ward be retained as-is.
