

I've never understood why Hollingbury Park Avenue, that is at the heart of Fiveways is under the Hollingdean and Stamner ward. It's residents are not part of that community in the way they are the Preston Park ward and when voting in elections the polling station for Preston Park is on Hollingbury Park Avenue! Residents of HPA are not engaged in the local issues of a huge area that is not really linked geographically or socially (in terms of local matters and events) to this road and the Preston Park & Fiveways community it is part of. A simple change of one road, (perhaps 2 incl. Hollingbury Terrace) would be practical and logical. Thank you for reading.
