

## Fenland District Council

### Personal Details:

**Name:**

**E-mail:**

**Postcode:**

**Organisation Name:**

### Comment text:

Please do not change the boundaries as they are working well as they are, they don't need fixing our village is running well as it is, so why change something that is working very well, please, please, please leave well alone, and we certainly don't need more councillors meddling in something that's working well. Murrow, Parson drove, Guyhirn and Wisbech St Mary work very well together when needed at the moment, without changing boundaries
