### Comment text:

Given the amount of building work that continues in Telford, even this consultation will be out of date very quickly. I currently live in the Dawley Hamlets Ward which comes under Dawley & Aqueduct in the map above. Whilst there are only 100 houses more in the Aqueduct area than in the Dawley area, Aqueduct currently has six councillors and Dawley has three! With all the building work which has been done in recent years, consideration should be given to creating separate wards for Doseley (where I live) and Lightmoor. Local councillors seem so busy with the large area they have to cover that they are unable to support local communities.
